Pair Hurt In Auto Accident On 'Hill' Are Recovering

P. T. and T. Employee,
Soldier Seriously Injured
In Crash on Summit.

Chauncey Garland, 20, employed by the Pacific Telephone and Telegraph Company at Reno, suffered a crushed chest and bad cuts on his hands and face and John Espanza, 20, a soldier from Auburn, has a broken leg and lacerations of the face and body as the result of an automobile accident near Kingvale at 4:45 a.m. Sunday.

Officers of the state highway patrol who investigated, said Garland evidently fell asleep at the wheel. The car was on the shoulder of the highway for more than 100 feet and then plunged 30 feet into the rocks below the road.

State Patrolman Bill Lowe assisted in getting the men to the Colfax hospital where their condition is reported to be improving.

The car was traveling east at the time of the accident.

LIONS CLUB NAMES CANDIDATES FOR OFFICERS FOR YEAR

Nomination of officers to be elected on Wednesday, June 24, featured last night's meeting of the Truckee Lions Club. A round table discussion on salvage was enjoyed and talks were made by several members and visitors. President N. F. Dolley presided. Installation of new officers will be held on July 1.

Among the visitors were Del Powell, president of the Grass Valley club, accompanied by Fred Williford, Oscar Shamberger and George Spencer all of Grass Valley, Jay Cook of Reno and Fred Van Noyes of Truckee. Mrs. Williford and Mrs. Spencer accompanied their husbands to Truckee.

Rebekah Lodge Honors Mrs. Cartwright at Meet

Following the regular meeting of Naomi Rebekah Lodge No. 2, a farewell party was tendered Leona Cartwright. A gift was presented by the lodge and Veronica Foster and Winifred Kamp served delicious refreshments.

Members who have June birth dates were remembered with cards.

Visiting with Parents—

Mrs. Paul Seely of Modesto is visiting her parents, Mr. and Mrs. Joe Zorich, this week.

COUNTY POLITICS

Eben K. Smart Seeks Assessor Post in Vote

Eben K. Smart of Grass Valley this week formally announced his candidacy for the office of county assessor of Nevada County at the August primary election.

Smart, a native of Dutch Flat, is 43 years old and has spent 42 years as a resident of this county. His father was a pioneer lumber man in Placer and Nevada counties. The candidate attended schools in Grass Valley and at the University of California. His only absences out of the county

EBEN K. SMART were during his time spent in college and during World War I when he served in the army. He is married, has two children and owns his own home in the west-end city.

For the past 11 years he has been employed by the state under civil service. At present he is a drivers' license examiner. Previously he was engaged in business in Grass Valley. Smart is well acquainted with the

(Continued on Back Page)

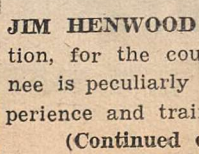

Jim (Agent) Henwood Is Candidate for County Job

One of Grass Valley's best known residents and a citizen who enjoys widest acquaintances throughout Nevada County—Jim (Agent) Henwood—has accepted the importuning of many friends and announced his candidacy for the office of County Treasurer and Tax Collector, a post which will be filled at the August 25 county election.

Jim Henwood's nomination is not of the "spur of the moment type."

Four years ago, he was prominently mentioned for the county office. His friends daily sought his acquiescence. However, conditions were not propitious at that time but the candidate said that he could be counted in the field in 1942.

His announcement followed this four years of semi-planning and preparation, for the county treasurer nominee is peculiarly qualified by his experience and training for the technical

(Continued on Back Page)

Safe Passage Was Guaranteed

Guaranteed and granted safe passage from Lisbon through sub-infested waters, the Swedish-American liner Drottningholm looms against New York's skyline as tugs dock her at Jersey City to discharge diplomats, newspaper men and refugees from Axis countries. Nine hundred and eight persons were aboard, including women and children.

GAIENNE SPEAKER AT EXERCISES FOR GRAMMAR PUPILS

Frank W. Gaienne was the speaker at the graduation exercises held last Thursday night following which six students were presented with their diplomas from the Truckee Grammar School. The graduates were Gertrude Smith, Kenneth Snider, Leo Johnson, James Preston, Grace Bigelow and Yolanda Giovannoni.

Gaienne gave an inspirational and educational talk on the future prospects for the students and encouraged them to continue their learning for their own benefits as well as for the benefit of mankind.

The diplomas were presented by Mrs. Tillie Smith, clerk of the board of trustees. Each of the students graduating took part in the well rounded program which was preceded by a banquet at the Star Hotel. More than 50 attended the event at the grammar school auditorium.

One-Stop Laundry Service Under Now War Order

A. P. Fontana announces that because of new laws governing transportation, it will be impossible for Fontana's Laundry to make more than one stop per customer each day. This means that the bundles must be ready for the driver when the trucks call. A complete summary of the new regulations will be contained in Fontana's advertisement next week.

Red Bluff Visitor—

Mrs. Claire Ellert was a Red Bluff visitor recently.

Attendees Portola Graduation—

Mrs. George Moore motored to Portola Wednesday to attend the high school graduation of her nephew, Jack Morrill.

MAJOR WALLACE IS SPEAKER AT HIGH SCHOOL PROGRAM

Maj. Gerald B. Wallace, noted newspaper columnist and lecturer, Saturday night gave an inspiring message to the graduating class of Meadow Lake Union High School. Major Wallace's remarks were short and to the point and contained much sound advice to the six girls on their conduct in the future. The talk was so well received that Wallace has been asked to speak in Truckee before various civic groups in the future and has promised to try to fit the invitations into his busy schedule.

Vernon Pearson, president of the board of trustees, presented Laura Angelini, Phyllis Maris, Azad Joseph, Clarabel Lewis, Leta Tennis and Elizabeth Gates with their diplomas. Mrs. Lotta Bryant, retiring secretary of the board, was presented with a gift in token of her ten years of service to the school and community by Pearson.

Following the graduation, held at the grammar school, the annual Senior Ball was held at the Veterans' Memorial Building with about 100 couples in attendance.

Reckless Driver Nabbed By Officers on Highway

Otto Nybus, 46, Lincoln, was arrested by officers of the state highway patrol Sunday after the car he was driving skidded 275 feet before hitting a boulder and coming to a sudden stop on the Donner grade. The driver said he was working in Sacramento.

Local Rubber Quota Is Announced By Board

The tire quota for the Meadow Lake Township for the month of June has been announced as follows: one passenger tire and tube and three recap passenger tires; two truck tires and tubes and three recap truck tires.

During May the local board issued truck tires and tubes to Parker-Shram Company of Portland, Ore., the Rotary Oil and Burner Company of Truckee and two recap tires to N. F. Dolley of Truckee.

Palo Altans At Tahoe to Open Home At Meeks

George Gardill and Walter Moore of Palo Alto were up over the weekend to open the former's Meeks Bay summer home and to visit with their old friend, Carl Bechdolt, Sr. Gardill has been in charge of arranging the annual visit to the Tahoe winter sports for the San Francisco Shriners and is already planning the excursion for next winter.

On the first day's visit to the lake they each secured a limit of trout.

Over from Reno—

Mr. and Mrs. Gino Gini and Mr. and Mrs. Jack Harker of Reno were visiting at the home of Mr. and Mrs. G. Gini last weekend.

Married in Capital—

Mr. and Mrs. F. J. Rubesky were married in Sacramento last Sunday and spent the week at Lake Tahoe. The bridegroom is the son of G. A. Rubesky of Truckee.

Lake Tahoe, Truckee Property Owners Meet On Gas Rationing

Opposition Is Expressed
To Possible Gas Ration
Program in West.

Twenty-five Lake Tahoe and Truckee property owners attended a meeting at the office of the Tahoe Realty Company last week to discuss the possibility of a gasoline rationing program and how it would effect the resort areas of the state. Those present opposed the rationing under the existing circumstances and from information which has been received. The effect of rationing upon the resort areas can readily be seen, but with latest reports the pressure is somewhat relieved and the proposal has been advanced.

The Lake Tahoe region is prepared for a busy season despite what some consider unfavorable conditions and with all roads and resorts open, it is expected that during the current summer, season the travel will not be materially effected providing the gasoline rationing in California and the western states is not put into effect.

TONY PACE IS BADLY INJURED IN MISHAP AT LUMBER YARD

Anthony Pace, manager of the Truckee-Tahoe Lumber Company here, is recovering this week from a severe wound on his left leg just above the knee which he suffered while engaged at work Monday afternoon.

Pace was using a saw which was counter-balanced by a heavy section of rail suspended from the ceiling. The fastening on the counter-weight gave way and the rail fell. Pace stepped back and thus avoided a more serious injury, but the metal pierced the flesh to the bone, ripping a serious wound in the limb. Dr. J. H. Bernard was called and treated the injury.

More Workers Needed by Truckee Red Cross Unit

More workers are needed for the early completion of work the Truckee branch of the American Red Cross has on hand or has in prospect. Material is now on hand for 40 boys' shirts. Within a week material is expected for 75 women's waists and some hospital shirts. More yarn is also expected soon.

Workers may gather at the Wyethia Club house Wednesday afternoons or call there at that time for work to take home.

Last week a shipment was made to the central warehouse in Ogden, Utah, which included the following finished garments: 28 rompers size for two year olds; 13 women's wool dresses, size 40; one child's wool dress; eight pair of socks and two child's sweaters.

Funeral Services Held for Pioneer Truckee Woman

Funeral services for Mrs. Florence Ann Morrill were held Monday, June 1st, in the Community Methodist church with Rev. G. J. E. Keetch officiating. Interment was in the family plot in the Truckee cemetery.

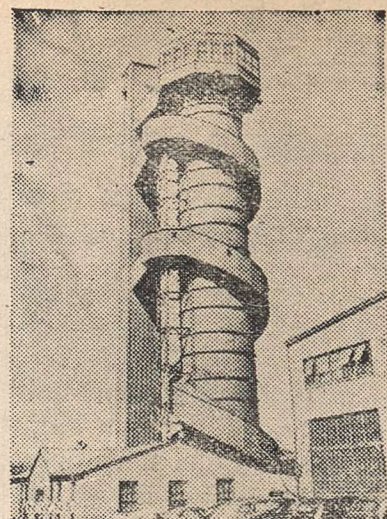

Mrs. Morrill passed away at Hayward where she had made her home for the past 18 years.

Born in Downsville in 1861, she was married in 1886 to George Morrill. On their wedding day they came to Truckee where they made their home until they removed to Hayward. Mrs. Morrill was quite active in community life and in the Methodist Church and Sunday School.

Her husband preceded her in death by several years. Their only child died in childhood. Nearest surviving relatives include the following nieces: Mrs. R. P. Bick of Truckee, Mrs. Effie Engle of Delleker, Mrs. Minnie Lewis of Stockton and Mrs. Viola Michaelson of Hayward.

by WALTER M. BARRETT

It is surprising the number of drivers who continue driving at excessive speeds on the highways despite the fact that national requirements specify a slackening of speed for the purpose of conserving rubber, a product vital to the war and to the country. Even though we are willing to forget the hazards of speed on the highway, it seems that a national emergency should have its effect, but apparently it does not on many motorists. Tires are undoubtedly wearing thin in many cases and this adds another reason for caution. Those who have priorities on tires should be deprived of them if they are caught speeding as long as it is demanded that others must sacrifice their tires to permit those in the war effort to travel. We would like to recommend more strenuous punishment for unnecessary speeding.

All housewives, merchants and others who are bothered by solicitors now have a natural excuse for turning them away before they get going on their irresistible stories of unsurpassed bargains. They have only to refer them to the office of the chamber of commerce where their story will be weighed and where permission may or may not be granted to sell. An investigation will not delay the purchase much and it may save very embarrassing results. Dollar watches in gold filled cases, selling for \$15, or South American orchids from the banks of the Truckee River have been purchased by local residents, but there is no longer any reason to be taken in by these peddlers. Your chamber of commerce is at your service.

Last Friday six girls from Meadow Lake Union High School received their diplomas which marked the end of their local academic education. We trust that what they have received will be of great value to them and that the future holds nothing but success and happiness.

Bank of America Service Flag Displayed Locally

With simple ceremony, a war service flag was unfurled today at the branch of Bank of America in Truckee, showing that 1255 men of the bank had responded to the call to arms.

The flag, unfurled, by Manager Y. Nobles in the presence of the staff, consists of a large blue star on the white background, framed with a red border. The number of men in the services is indicated by white numerals on the blue star. Men who have given their lives are represented by individual gold stars, and four such stars are now attached to the flag. Nobles pointed out that while additional men from the bank's statewide organization were going into the armed forces daily, the numerals on the flag will be changed only once a month.

Lodi Educator Speaker At Rotary Club Meet

Earl Crandall, principal of the Lodi high school in San Joaquin county spoke to the Truckee-Tahoe Rotary Club at its Monday night meeting. His topic was "Post War Planning." Paul Crandall was program chairman and Past President Theodore Schleuter presided.

The speaker is a member of the Lodi Rotary Club. Guests at the session included C. B. White, Robert Bottel, Charles Pierce, and Charles Brunk of Truckee and T. M. Arntzen of Tahoe City.

Bail Set At \$750 For Man Captured With Illegal Arms

Naturalized American Is
Taken from Bus by Local
Officers Monday.

Alfred W. Wiskoff, 37, of Evans-ton, Ill., was being held in the county jail today awaiting the outcome of an investigation by federal agents who are expected to question him regarding the unlawful possession of a tear gas gun and ammunition, a heavy calibre revolver with a hundred rounds of ammunition, powerful field glasses, drafting instruments and other paraphernalia.

Wiskoff, who says he is a native of Latvia, but naturalized here in 1933, gave no reasonable reason for possessing the arsenal when questioned by Deputy Sheriff N. F. Dolley and officers of the state highway patrol who removed him from a Greyhound bus on Donner summit late Monday.

Taken before Justice of the Peace Gildersleeve of Nevada City, Wiskoff pleaded not guilty to a charge of possessing the gas gun and was held under \$750 cash bail pending his preliminary hearing. He was taken to Nevada City by Dolley who preferred the charges.

He said that he planned to look at some timber land in Oregon which he purchased and again said he hoped to secure work in the bay area ship yards.

The gas gun, he told Dolley, was "for personal purposes."

A small book of names and addresses of ten persons in Illinois and Ohio was found and will be turned over to the FBI.

Charles F. Kearneys Are Parents of Baby Girl

Carroll Jean, a baby daughter, arrived at the home of Mr. and Mrs. Charles F. Kearney of Davis late Saturday evening, June 6. Both mother and child are reported doing nicely. Mrs. Kearney will be remembered as the daughter of Mr. and Mrs. E. E. Payen of Sardine Valley.

Irene Estelle Englehart Feted On 2nd Birthday

Little Irene Estelle Englehart was honored on her second birthday recently at the home of her parents, Mr. and Mrs. W. M. Englehart, Jr. The circus motif was carried out in decorations and refreshments.

Guests included Linda Perry, Doris and Bill Zoebel, Linda Loynd, Judy Loynd, Mavor, Sykes and the honoree.

Indian Held For Failure to Report to Draft Board

James Tavashce, 30, an Indian, was turned over to federal officers this week by Deputy Sheriff N. F. Dolley after admitting that he had not contacted his draft board since he registered nearly two years ago. He said he was from Southern California.

Phil Kearney In Aussie Hospital, Letter States

Mr. and Mrs. F. F. Kearney received a letter from their son, Philip who is with the American Expeditionary Forces in Australia. He states that he had been in the hospital for the previous three weeks with his foot in a cast and expected to be there at least three weeks more. There were no details as to how he received the injury. He expressed irritation at being laid up so long, as he was anxious to get into action again.

Here from Salinas—

Mr. and Mrs. C. G. Robertson of Salinas are the house guests of Mr. and Mrs. Bert Weeden this week. Robertson is Mrs. Weeden's brother.

Up Over Weekend—

August Sassarini, Gino Guidi, Leo Guidi and John Saibini, all employed in a Vallejo shipyard, visited here last weekend, leaving Tuesday.

Here from Reno—

Miss Nancy Ann Schwies was a Truckee visitor early this week.

Return from Trip—

Mrs. C. Edmunds, Mrs. W. F. Wilkie and Mrs. C. B. White have returned from a motor trip to San Francisco.

In Capital City—

Mr. and Mrs. W. M. Englehart, Sr. were Sacramento visitors over the weekend.

From Albany—

Mrs. Gino Pierotti of Albany visited relatives and friends here last week.

EDITORIAL

SHYLOCK IN SACRAMENTO

The taxpayers' proverbial complaint that a tax once levied is a tax forever, is strikingly confirmed by the case of the California Income Tax.

The State's revenue for the last fiscal year was approximately \$300,000,000. Of that total, California's income tax was only a drop in the bucket—\$20,292,746. Since the State is now taking in a hundred million dollars a year more than it pays out, and is piling up a huge surplus with each passing month, it is simple arithmetic that the income tax receipts are no longer needed by the State treasury.

On the other hand, the federal government's urgent need for enormously increased income taxes must be met. And so, the logical thing for any war-prosperous State that has an income tax is to abolish it from heavily burdened backs of its citizens in this crisis. It would be a trifling sum for the State to give up—but a mighty important sum to individuals.

Yet the State administration has turned a deaf ear to every plea for income tax repeal. The citizens themselves have taken the first step by placing the repeal initiative on the November election ballot. And if the tax is to be eliminated, they must vote it out of existence for Governor Olson's Administration seems determined to play Shylock to the bitter end.

FLAG DAY

It can be with no ordinary feeling that Americans on June 14 pay tribute to the Stars and Stripes and to the nation for which it stands.

Flag Day in 1942 is no mere holiday. It is a day on which all the nation's citizens pledge allegiance to the cause of freedom for which the flag stands, the self-same cause for which Americans today are fighting and giving their lives on distant battlefronts of the worldwide struggle against the organized forces of evil, hate and tyranny.

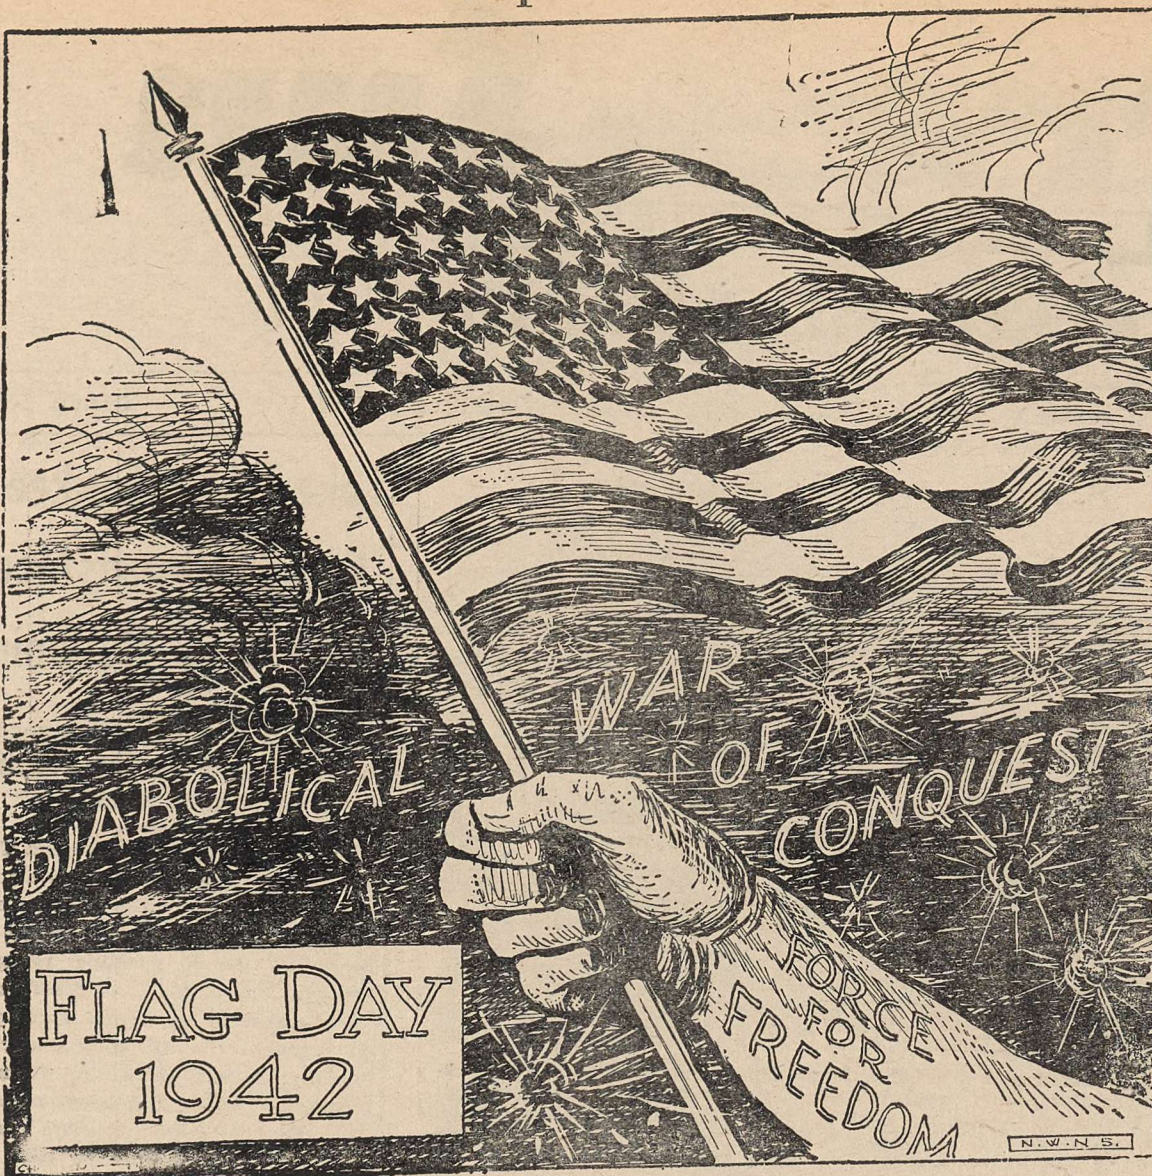

Because in so many ways he is the living symbol of our country's fighting faith and unconquerable will to victory, Flag Day ceremonies throughout the land this Sunday will pay tribute to General Douglas MacArthur. It was this unconquerable will, this fighting faith in a just cause, that led a handful of woefully ill equipped colonies in 1776 to take up arms to win their independence. In '76 Tom Paine, speaking of that forward step in the march of human freedom, proclaimed the self-same goal that guides America's course today:

"It is the object only of war that makes it honorable. And if there was ever a just war since the world began, it is this in which America is now engaged. . . We fight not to enslave, but to set a country free, and to make room upon the earth for honest men to live in."

United in that aim today, America will not falter till the good fight is won. The way may be long and hard, but we have known our Valley Forges.

United under one flag, America will not let the enemy's wiles divide her people by bigotry and suspicion, or by stirring up strife against any religious, racial or economic group. True Americans will, on June 14, find heartfelt meaning in their pledge of allegiance to the flag "and to the republic for which it stands." One flag, one nation, one people, indivisible, with liberty and justice for all.

'In Triumph Shall Wave'

MY PLACE IN THE SUN

by DOUG BARKETT

Another bunch of folks that ought not to have any trouble remembering a wedding anniversary are Mrs. Jack Wolert and her two daughters—Mrs. W. F. Wilkie, Jr., and Mrs. Ernie Duggan. All three observe their "hitchin'-day" on June 9. Which brings them all in for a round of congratulations.

HILITES OF HI DANCE: The high school dance was one of the most enjoyable affairs of its kind I have ever had the pleasure of attending. . . we owe a vote of thanks to Grammar School Teacher Tom Griffen for teaching his youngsters the rudiments of ball room dancing; it kept them from raising Ned on the floor and really contributed some interesting couples. . . especially pint-size Bert Weeden who shows a much promise of grace at the cotillion as he does on the ski hill. . . and Tom (Arthur Murray) Griffen was cuttin' a mean rug himself. . . Geo. Keetch made an admirable bar-tender at the soft drink stand downstairs. . . Geo. Kamp and a Sac Jayseer were having a friendly discussion as to who had the next dance with diminutive Frances Polyanich so Duke Mathis settled it by waltzing off with her himself. . . it seemed like old times for me with Leo Guidi, Gino Guidi, Auggie Sassarini, Frank Giovannoni, Johnny Pettiti, and a lot of other old grads and gradettes adding their particular charms to the evening. . . and I can't close this item without mentioning the fur, everybody had with the Paul Jones; Bert Weeden, Sr., calling the turns. . . it really left the younguns and olduns gasping for breath and crying for more.

Public-minded Ang Besio and Bob Bowers have coined a new word for political phenagling. They contend a more appropos designation of America's favorite biennial sport than politics is "politricks."

Some mention and a great deal of praise should be given to Major Jerry Wallace's graduation address to the seniors. It was really worth while and worth listening to. In fact it was so good that he has been asked to speak at several local groups. The major will try to sandwich these invites into a very busy schedule of teaching, lecturing and newspaper columning. He writes a column for hunters and target shooters in the sporting green of the San Francisco Chronicle and is military instructor of the Placer J. C. Incidentally, he seemed quite interested in the activity of the Tahoe Gun Club.

STREET SEENS: Major Wallace and E. L. Loynd discussing hunting & target shooting in the drug store after hours Sateve. . . Abe Bertillozzi army-bound Tuesday morning. . . Dr. Bernard coming from breakfast at George's Cafe. . . Nicky Sassarini and Harry Digesti going to work in the S. P. round house here. . . Mr. Bianchi back at his watchmaking bench.

DALE CARNEGIE

Author of "How to Win Friends and Influence People"

TIME IS MONEY

The Manchester Guardian, one of the world's most distinguished newspapers, has figured out that each question asked by a member of Parliament in the House of Commons costs the English taxpayer about seven dollars. During one session of Parliament, Colonel Harry Day is alleged to have asked 879 questions which cost the taxpayers of England over six thousand dollars.

If you are in business, why don't you figure out the dollars you are wasting every week? For example, if you are a salesman, remember that the only time you can earn money, is the time you spend interviewing prospects who can buy your community. Why not figure out how much time you are wasting in the office every day?

One of the highest paid life insurance salesmen (Franklin Bettger) rarely goes near his office. Mr. Bettger commutes to Philadelphia, and when he lands in the Broad street station, he is only one block from his office; yet he often goes to a telephone booth in the station and spends an hour making phone calls. He

knows that if he goes to his office, he will spend another hour or two there doing things that his secretary could do. Figure out how much time you are losing by talking politics and winning arguments that don't matter anyway.

Shortly after World War I, I was in Paris helping Sir Ross Smith prepare an illustrated lecture on the story of the first flight made from England to Australia—a flight which won him fifty thousand dollars and a knighthood; and made him the Lindbergh of England and Australia. Sir Ross and I went to a shop in Paris that sold lantern slides for a couple of hours the proprietor, of the shop lost his self-control and exploded with a volley of French words. In the midst of all this French, which was Greek to me, he shouted "time is money." It was probably the only English phrase he knew. Yes, time is money in any language. It is more than money. It is life itself. So if you need money, don't waste the stuff it is made of.

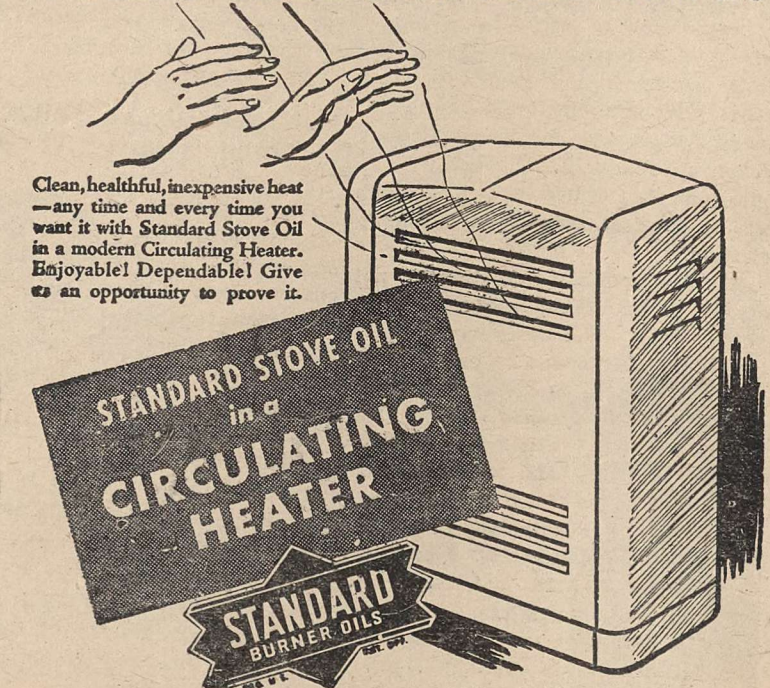

The Frenchman's method was no good business, we will admit, but he undoubtedly was quoting what had proved to be, to him, the most important business axiom.

...Red Jolley putting a new sign on the front of Fontana's Laundry and Dry Cleaners. . . the view to the west from Truckee's main drag of the snow-crowned peaks framed in pines is one of the real joys of living here.

Wisdom of the Week: It is better to lose the first six months of a war than the last.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY COCA-COLA BOTTLING COMPANY OF TRUCKEE

Lumbering At Glenbrook

Following is an excerpt from Rupert L. Larson's illustrated article, "Lake Tahoe, Recreational Area," which is appearing in the June issue of National Motorist, official organ of the National Automobile Club:

"Last summer we stood in the lobby of the historic inn at Glenbrook and studied the old handbill framed under glass. Dated 1877, it told us that Prof. J. W. Varney will present a brass band every day (Sunday excepted) on board the steamer, Niagara."

"For Glenbrook, today a restful summer resort, was once the third town of importance in Nevada, being 'the great lumber manufacturing town of the State.'"

"Some five million feet of lumber were produced each month at Glenbrook to feed the mines of the Comstock Lode, which had practically denuded the eastern slopes of the Sierra Nevada mountains for a distance of 50 to 60 miles and forced the more enterprising lumbering firms to cross the summit of the Sierras into the basin of Lake Tahoe."

"Glenbrook had its beginning in 1860 and by 1861 Capt. A. W. Pray had erected a water-powered sawmill, the first of which may be seen today, as well as a part of the old breakwater and the waterlogged remnants of one of the captain's old barges. But it was in 1873 that lumbering at Lake Tahoe and milling at Glenbrook took a tremendous spurt for in that year the Comstock hit the gigantic 'bonanza.' Flumes were built, a narrow-gauge railroad twisted up to the summit where the Carson City-Lake Tahoe highway now crosses, and steam tugs scurried about the vast waters of the lake to gather up huge rafts of logs and tow them to the four mills at Glenbrook."

"Writing in 1876, William Wright stated that: 'Logs are rafted across Lake Tahoe to the mills from all points, the lake being of great size and all its shores and the slopes of the surrounding mountains being heavily timbered, the company has command of a vast area of pine forests. Through the waters of the lake and its numerous bays, the operators reach into the mountains in all directions, gathering the pines into their mills, carrying them, in the shape of lumber, up their railroad and then shooting them through their flume down over all the hills till they land in Carson Valley.'"

"This is all very well for the company and for the mining companies, who must have lumber and timber but it is going to make sad work, ere long, with the picturesque hills surrounding the lake, the most beautiful of all lakes in the Sierra Nevada."

"Fortunately for Tahoe, by 1881 the big bonanza at Virginia City was exhausted and the mines on the Comstock Lode began to close one by one. Thus the great forests on the California shore of the lake were saved, having been barely touched, and today the second growth of trees on the Nevada shore have attained such size that the vacationish sojourner where once the hills were picked clear of merchantable timber is not conscious of the fact until reminded of the past history of this scenically beautiful region."

"Writing in 1876, William Wright stated that: 'Logs are rafted across Lake Tahoe to the mills from all points, the lake being of great size and all its shores and the slopes of the surrounding mountains being heavily timbered, the company has command of a vast area of pine forests. Miss Beccy Brodehl took a bus on Thursday for San Francisco to enlist in the new women's army being formed, but due to a mishap to the bus arrived too late. She is now in Seattle visiting friends and plans to remain until the last of July. She will spend the balance of the summer at Tahoe working for her father, taking the mail each day to and from Crystal Bay.

On Tuesday visitors at the Tahoe Lake School included Trustees Orrin Lowell, Mrs. Sparks and Dr. E. D. Williams and Mr. Chaffin, new district supervisor, of the Placer Union High School, all of Auburn, who met with the local school board to determine the future needs for the district. It is the first time that all have visited Tahoe in a body.

Mrs. Myrtle Gallinger of the Tahoe grammar school attended the final meeting of the county board of education, of which she is a member, in Auburn last Saturday. It was held in the office of Superintendent Elwyn Gregory. An interesting highlight of the day was a demonstration by Mr. Martinelli of the new Pictorial Projector, which will in the future supplement the visual education now taught. Mrs. Gallinger brought back a projector to Tahoe which she will demonstrate one night this week to the local trustees, with the hope that Tahoe may soon enjoy one in its classrooms.

While in Auburn Mrs. Gallinger called on Mrs. Irene Burns who was superintendent of schools in Placer county previous to Mrs. Portia Moss and who will be remembered by old timers here. She loaded Mrs. Gallinger down with armfuls of lovely flowers from her prize garden, which now adorn the schoolrooms.

The serving of hot lunches will probably be resumed at the fall term, is being discontinued now because Mrs. Keen Tackett, who formerly prepared the food, has taken a regular position for the summer. A cook is badly needed and any lady interested is requested to contact Mrs. Gallinger. The Tahoe Women's Club, who aided the project last fall financially, will offer further aid when, and if, needed.

TAHOE FOOTBALL EQUIPMENT TRANSFERRED TO AUBURN BY HIGH SCHOOL TRUSTEES

The board of trustees of the Placer Union High School recently approved a recommendation by Athletic Director Earl Crabbe, that all football equipment owned by the Lake Tahoe branch be transferred to Auburn for use during the fall semester.

Mrs. Bliss Hinkle, vice principal in charge of the Tahoe branch, stated there is no prospect it will be used at Tahoe City next year. It has not been used during the past year.

Crabbe states football equipment will be scarce and also recommended re-habilitation of much of the present equipment at Auburn.

Mrs. Violet Pomin and two children, Duane and Wayne, will visit with her parents in Tahoe City for several weeks of vacation. Robert Pomin drove his family to Sacramento on Sunday where they were guests of Mr. and Mrs. Douglas Smith. On Tuesday Mrs. Smith and baby and Mrs. Pomin and children drove to Tahoe.

Tahoe Schools

The baseball game between Truckee and Tahoe on Friday afternoon last will go down in local history as a real run-fest for the Tahoe boys with the score soaring to 47 to 6 in their favor. Jimmie Swanson of the lake team was given credit for the pitching of the day, with Byron Johnson, co-captain of the Truckee nine, sharing the pitcher's box with Jack Thornton. An enthusiastic rooting section lent their support and the day was ideal. Three grammar school pupils, Dennis Moore, Robert Stark and Billie Callender, rounded out the Tahoe high school team which is short on male students.

On Tuesday visitors at the Tahoe Lake School included Trustees Orrin Lowell, Mrs. Sparks and Dr. E. D. Williams and Mr. Chaffin, new district supervisor, of the Placer Union High School, all of Auburn, who met with the local school board to determine the future needs for the district. It is the first time that all have visited Tahoe in a body.

Mrs. Myrtle Gallinger of the Tahoe grammar school attended the final meeting of the county board of education, of which she is a member, in Auburn last Saturday. It was held in the office of Superintendent Elwyn Gregory. An interesting highlight of the day was a demonstration by Mr. Martinelli of the new Pictorial Projector, which will in the future supplement the visual education now taught. Mrs. Gallinger brought back a projector to Tahoe which she will demonstrate one night this week to the local trustees, with the hope that Tahoe may soon enjoy one in its classrooms.

While in Auburn Mrs. Gallinger called on Mrs. Irene Burns who was superintendent of schools in Placer county previous to Mrs. Portia Moss and who will be remembered by old timers here. She loaded Mrs. Gallinger down with armfuls of lovely flowers from her prize garden, which now adorn the schoolrooms.

The serving of hot lunches will probably be resumed at the fall term, is being discontinued now because Mrs. Keen Tackett, who formerly prepared the food, has taken a regular position for the summer. A cook is badly needed and any lady interested is requested to contact Mrs. Gallinger. The Tahoe Women's Club, who aided the project last fall financially, will offer further aid when, and if, needed.

Otto Fox and his two sons are occupying the Watson cabin at the old mill site, just out of Lake Forest, for a week while waiting to move in to Mrs. Stella Watson's house in Tahoe City for the summer months. Robert Fox left Saturday for Pacific Union College where he will attend summer school. Miss Carner, Fox is now working in the telephone office in Sacramento and Mrs. Fox is vacationing at her mother's home in Seattle for several weeks. Jack Hall, brother of Mrs. Otto Fox, is listed as missing in action by the war department. He participated in the fighting at Corregidor.

Mr. and Mrs. M. A. Lopes of San Leandro are enjoying a visit to their summer home in Timberland Tract.

Mrs. D. M. Brodehl and daughter Beccy, spent Wednesday last in Reno. Mr. and Mrs. Ralph F. Walker of Unaliki entertained at a barbecued chicken and quab dinner in their gardens on Sunday. Guests included Mrs. Edith Mitchell of San Francisco, their house guest, and members of their staff, Mr. and Mrs. Eric Druhn, Mr. and Mrs. Charles Swanson and son, Jimmie.

Anticipated in on Monday are Mrs. R. K. Hahn and two sons, Donald and Robert, of Piedmont who plan to open the family home in the Dollar Hill section.

Mr. and Mrs. Louis Gerkin of Sacramento visited Mrs. Gerkin's family, the Henry-Solls of Pine Lodge, last week.

Mrs. Phyllis Carroll and son, Sammie Lee, of Reno visited her mother, Mrs. Eleanor Swanson, in the Sunnyside district Monday and Tuesday.

Mr. and Mrs. Stanley Martin and son, Stanley, Jr., enjoyed a weekend visit a week ago with Mr. Stanley's aunt, Mrs. G. G. Williams, of Yerington, Nev.

Members of the Edwards family are enjoying a sojourn at the family home in the Sunnyside district.

Mr. and Mrs. Donald Enfield and son have arrived safely in Cleveland to make this new home, having been the visitors at Mrs. Enfield's parents' (the George Hinkles) home in Bittercourt Tract from some weeks previous to leaving. Enfield was taken seriously ill upon his arrival and spent several days in the hospital, but was recovering, according to latest information.

Mrs. Bliss Hinkle spent the week end in San Francisco with her husband and daughter, Marilyn.

Mr. and Mrs. E. C. Borden of Tahoe Park have sold their summer home and are leaving for Pasadena. Mrs. Borden being unable to stand the high altitude. Before departing they donated a number of books and pictures to the local library, according to Librarian Anne Anderson.

Floyd Carnell of Tahoe City left Monday for Richmond where he will work in the Kaiser shipbuilding corporation as foreman of the paint crew. Mrs. Carnell and her two sons will remain at Tahoe before joining him.

Carl Brooks of Mather Field enjoyed Sunday at Tahoe visiting at the Bud Mardeviles' at Kings Beach and at the Charles Swansons' in Sunnyside.

Mrs. Charles Jorgenson, Jr., of Salinas is a guest at Cedar Crest. Captain and Mrs. Netolicky and two children of Salt Lake City were guests of Mrs. C. B. Pederson at her home in Tahoe Park on Friday morning. They were en route to San Francisco to make their home. Capt. Netolicky has enlisted in the army medical corps and will be stationed at the Presidio of San Francisco.

Mrs. Mildred Collins and little son, Timothy, have enjoyed a visit of several days with her mother, Mrs. Stella Watson, who has been seen proudly displaying her beautiful little grandson in his perambulator on several occasions this week.

Mr. and Mrs. Lyle Smith and two children of Reno spent Friday at Tahoe visiting with friends.

Mr. and Mrs. Hank Slade of Vallejo visited at their summer home in Tahoe Cedars for two days a week ago.

Art Sather of Auburn visited his home in Homewood over Thursday and Friday. His son's wife, Mrs. Ed Sather of Auburn, underwent a serious operation on Wednesday in an Auburn hospital, but is reported recovering satisfactorily. Mrs. Sather's father suffered a severe heart attack last week and is also under medical care in Auburn.

D. M. BRODEHL IS AWARDED TAHOE MAIL CONTRACT FROM MECKS TO CRYSTAL BAY

TAHOE CITY, June 11— D. M. Brodehl last Thursday morning received word that his bid submitted on the Tahoe mail contract had been accepted. No details of the contract have been made known here yet, but word for from Washington, D. C., stated his contract had been renewed. Brodehl has been on the last for the past eight years as mail carrier and his new contract calls for four more years service.

His route runs from Meeks Bay to Crystal Bay and for five months he carries to Camp Richardson during the summer. The rest of the Nevada side of the lake is handled by a Carson City contractor. Delivery is by truck instead of boat as in the past.

TAHOE FRIENDS LEARN OF DEATH OF JOE RE

TAHOE CITY, June 11— Residents of Tahoe are learning this week of the death on December 29 of Joseph Re, stone mason and landscape gardener, who for many years was employed in the Tahoe region. Few details of his passing are available, the news of his death coming from his attorney, Abe Leach.

For many years his health was uncertain, with attacks frequently occurring during working hours.

Many of Tahoe's loveliest homes bear witness of his chosen handicraft, the Whittell estate on Nevada's shore being one of his masterpieces. Only a few of his townsfolk ever knew the tragedy which saddened his life so terribly some ten years or more ago, when his wife and three children all died on the same day from the effects of food poisoning.

He leaves a son, Eugene, and two grandchildren. The sympathies of his Tahoe friends are extended to members of his family.

Tahoe Briefs

Visitors in Reno on Monday included the Rudolph Zimmermans of Tahoe Park and the Ralph Walkers and Mrs. E. Mitchell of Sunnyside.

Also at their home in the same district are Mr. and Mrs. Abe Leach of Diablos.

Mrs. Virginia Moore, Tahoe City's new telephone operator, was surprised on Saturday by a visit from her husband, Cecil, a member of the Naval Reserve now stationed at Treasure Island. Although he had to leave on Sunday to return to duty, his short stay here won for Tahoe another ardent admirer.

Miss Diana Barker has been added to the staff of the Tahoe telephone office for the summer season. She hails from Placerville.

Thursday, June 25 is the date set for the seasonal opening of Tahoe Tavern, largest west shore resort. Tim Butler will again operate the Tavern show house. Roney Mirault will arrive June 20 to prepare for the opening.

Tahoe Kwikies

Mrs. Alice Cusick of Oakland was a house guest of Mr. and Mrs. M. A. Lopes of San Leandro at their home in Timberland Tract during their stay at Tahoe.

Miss Patricia Henry spent the week end in Sacramento visiting at the home of her brother and wife, Mr. and Mrs. Albert Henry, Jr.

The Al Henrys spent Monday visiting the Henry home in Tahoe City.

Capt. Hans Harten of Rubicon Lodge has as his house guest for a few weeks Canton Iverson of San Francisco. On Monday evening, Capt. Hansen entertained with dancing and refreshments Mr. and Mrs. Eric Duhn, Mrs. Charlie Swanson, Mr. Iverson and Mrs. Phyllis Carroll and son, Sammie Lee, of Reno.

Mrs. Flora Anedron and two sons of Piedmont have opened their summer home in Tahoe Pines. They have as their houseguests Mrs. Jessie Elliott and Jerry Breuner.

Miss Jean Margaret Donaldson, whose father is employed at Pomin's Resort, is sojourning at the family home in Tahoe Pines.

Mr. and Mrs. Ray Bever are employed at Pirccrest for the summer.

Mr. and Mrs. Sim Brown of the Tahoma district entertained at dinner on Sunday for Dallas Brown and Miss Ruth Moore of Reno. The latter pair also visited at the home of Miss Moore's mother, Mrs. Glenz Sweeney, in Tahoe City.

The lake level of Tahoe on Monday stood at 6228.82 with 600 CSF of water leaving the dam gates.

Motorists took advantage of a lovely day last Sunday to visit the lake district, the traffic being greatly increased over past Sundays. Motor boats are making their appearance on the water, with one brave swimmer spending several hours water skiing in Sunnyside harbor.

The Catholic chapel near Valentine's was opened for summer services on Sunday, June 7. Regular services will be held there each Sunday from now on, with only one Mass at 10:30 a.m. until such time as the weather becomes warmer and the populace increases.

Mr. and Mrs. Bob Adam, formerly of Ward Creek Camp, and their two young sons are now located in Mono county at Conway Summit Lodge where they have charge of the resort. Tommy Adam goes six miles to high school at Leevining and Bob goes to grammar school nearby.

A marriage license was issued last week to George S. Mangam, 57, of Oakland and Matilda H. Brown, 54, of Young's Resort, Lake Tahoe, in Reno.

Bob Watson has been appointed as assistant in the Lake Tahoe area for Assessor Guy Lukens of the county of Placer.

Full time guards were again over the dam and bridge near Tahoe City on Wednesday last immediately following news of the attack on Dutch Harbor by Sheriff Charles Silva.

Ralph F. Walker of Unaliki returned to Tahoe Tuesday last following a most successful fishing trip in the waters off Baja California. He caught seven marlin, the largest of which weighed 189 pounds. He also received an award of merit proclaiming his skill as a deep sea fisherman from officials of the local government. Horace Kamm of Petaluma accompanied him on the excursion and caught six marlin.

Adjustment, Not Shortage

RIGHT adjustment in human affairs does not involve shortage. When human thinking is kept in accord with the law of God lack, limitation, and shortage must disappear. Proper adjustment in world conditions today can be made only through spiritual insight and an increased understanding of God's law of unfailing supply. Supply can be proved equal to demand, because in God's universe there is no shortage of good.

God's abundant supply never changes. It does not come and go with the tide of mortal thinking. God is abundantly pouring forth all good, and the real man is continually receiving this good. For proper human adjustment, thought must yield to the divine in every instance. Personal planning, ambitions, habits, and fixed rules of human conduct must accord with that which is best for the greatest number. An understanding of what constitutes reality will adjust any sense of shortage that would try to present itself. There is a right idea present and available to give us daily whatever to our limited sense of things seems essential for human use. In the thought which is tractable, spiritual, peaceable, these ideas will come to light.

Right adjustment, then, is spiritually mental adjustment to God's law. This adjustment relinquishes human will and selfishness and resigns all to the dear Father's tender, loving care. No shortage can occur from this adjustment, and many latent possibilities of increase will be brought into expression.

When our dear Master, Christ Jesus, discerned the human need of the multitude for food, after they had listened long to his preaching and he found that among them there were but five loaves and two fishes, he commanded that all be seated. "And when he had taken the five loaves and the two fishes, he looked up to heaven, and blessed, and brake the loaves. . . . And they did all eat, and were filled" (Mark 6:41, 42). To human sense, the visible supply seemed very inadequate, and there was much room for doubt as to the possibility of meeting the need. Nevertheless, the unfailing confidence of the Master and his recognition of infinite power put to silence any argument of limitation, and all accepted the increase without question.

Jesus did not entertain an argument of shortage. He did not question whether there was enough to go around. Neither did he consider what he would do when the supply was depleted. He knew that God was supplying the needs of all, and that this supply was at hand regardless of the testimony of mortal sense. "He looked up to heaven, and blessed, and brake the loaves." He looked to God, whose law was adequate to bring the proper increase. By his spiritual wisdom Jesus proved for us that supply comes through spiritual thinking, and that no human condition can deprive the right thinker of anything he needs. . . .

In "Miscellaneous Writings" Mary Baker Eddy, the Discoverer and Founder of Christian Science, states (p. 307): "God gives you His spiritual ideas, and in turn, they give you daily supplies. Never ask for to-morrow: it is enough that divine Love is an ever-present help; and if you wait, never doubting, you will have all you need every moment." What a blessed assurance this is! . . .

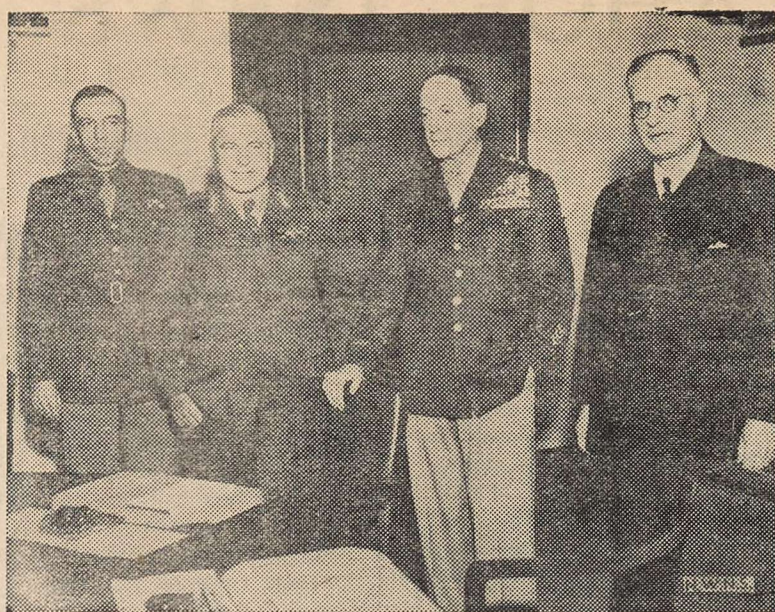

A state of mortal thought which would delay proper adjustment is that one which hoards material things at the sacrifice of others' well-being and comfort. Hoarding is an act of selfishness, and deprives the one who indulges it of his reliance upon God, the source and substance of all true supply. To hoard is to admit shortage and limitation and to invite their appearing. Those who wish to abide by our Master's commandments, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength," and "Thou shalt love thy neighbour as thyself" (Mark 12:30, 31), will not engage in the practice of limiting their sense of good.

Let the one who is contemplating future inconveniences and losses turn his thoughts to God, who is the Giver and Protector of all good. Can anything change God's universal plan? Can Mind, which gives us daily supplies, ever cease in its production of ideas? Can good lapse into evil or Love change into hate? No, the universal law of Love can never be touched by anything base or unworthy. Nothing can ever change the uninterrupted continuity of Spirit. God's law is continually in operation. Hence, whatever adjustment needs to take place is in individual thinking, so that the human may yield to the divine and God's omnipotence be demonstrated on earth.

God's law is a law of sufficiency. It does not take away from one to give to another. He "is no respecter of persons" (Acts 10:34), but He supplies all of His children with spiritual ideas, and all who will accept them can demonstrate daily supply. Jesus fed the multitude and there was food enough and to spare, "and they took up twelve baskets full of the fragments, and of the fishes" (Mark 6:43). This experience proved that God not only supplies our needs but supplies them abundantly. As thought is adjusted to God's law of universal harmony, the beliefs of limitation and shortage will yield to a broader and increasing unfoldment of spiritual ideas. . . . —The Christian Science Monitor.

Staff Meeting in Australia

Lieut. Gen. Sir Thomas Blamey, one of Australia's most famous soldiers, is shown (second from left) with Gen. Douglas MacArthur, commander in chief of United Nations forces in the Southwest Pacific, and Prime Minister Curtin (right), of Australia, after a staff meeting at General MacArthur's headquarters. The American officer at the left is a MacArthur aide.

Who Flew First U. S. Flag? Today's Historians Disagree

Authorized by the Continental Congress 165 years ago on June 14, the flag of the United States has undergone slow modification until it assumed its present design of 48 stars and 13 alternate red and white stripes.

The last change made in the present flag occurred in 1912 when Arizona was admitted to the Union on Saint Valentine's Day.

One of the most persistent historical myths concerning the flag is that of Betsy Ross. It has been definitely disproved with the department of state, war and navy concurring, that she did not make first flag.

Today, through historical research, much credence is given to the possibility that Francis Hopkinson of New Jersey was the designer. It is said that the flag was first flown possibly at Fort Bennington, N. Y., on August 16, 1777. Still others say that it is possible the flag was first flown at Fort Fillmore that same year.

Early Flag Versions

Some predecessors of the flag first flown were those of the Philadelphia Troop of Light Horse in 1775. This

HEROISM AT HOME

Not all the acts of heroism in today's war are in the fighting zone. The production front can also show acts of high courage and self-sacrifice. At a Richmond, Calif., shipyard the other day, Sterling Wanda, crane operator, swung a great steel section over the heads of 24 men working in the hold of a ship. The crane suddenly cracked under the load. Wanda could have released the load upon the heads of the workmen as the ship and saved himself. But instead he stayed at his post, swung the load to one side and crashed with the crane. He paid with life.

flag carried 13 alternate blue and silver stripes in its upper left-hand corner.

Another flag, that raised by Gen. George Washington, at Cambridge, Mass., January 2, 1776, without authorization of the Continental Congress, consisted of 13 alternate red and white stripes, with the crosses of St. George and St. Andrew on a field of blue in the upper left.

The flag itself tells a thrilling story to all: The red stripes proclaim the steady courage which the men and women of this nation have displayed in building these United States. The white stripes represent liberty—marking the American flag as a sure sign of personal and religious freedom. Loyalty is represented by the blue field. The white stars represent the history, or tell the story of the 48 sovereign states which have entered the Union.

If and when a new state enters the Union, congress has decreed according to the law of June 14, 1777, that the additional star will be placed in the field of blue the Fourth of July following its admission as a state.

Prevent Misuse of Flag

Every state in the Union, the District of Columbia, and the Territories of Alaska and Hawaii have laws prohibiting the abuse, misuse or desecration of the United States flag. Puerto Rico, too, has a somewhat similar flag law.

Altogether there are 20 definite days on which the flag should be displayed. But besides such days, each state has at least two other days when the flag of the nation is flown. The state's admission day, and its election day are two examples when the flag is definitely flown in each state.

Pennsylvania is the only state which officially observes Flag Day as a legal holiday. At the present time there is a bill before the house (HR-2322) to make Flag Day a national holiday in the same manner as Armistice Day.

S. P. Load Now 85% More Than Record Of '29

Already handling the greatest amount of traffic in its history, Southern Pacific has an even greater wartime load in prospect, but with the effective relationship with the military and the cooperation of shippers, it will carry the extraordinary load with only such delays as war conditions may make inevitable.

President A. T. Mercier, back in San Francisco from an extensive trip over Southern Pacific's lines and across the country, makes this en-

PRESIDENT A. T. MERCIER
Southern Pacific Company

couraging comment in a message to the railroad's employees in the June issue of the company magazine, just off the press.

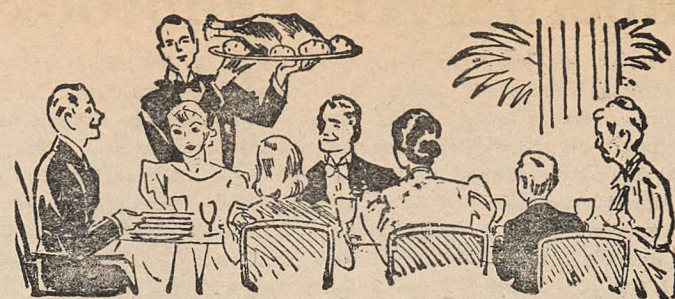

The load Southern Pacific carried in 1941, measured by tons hauled one mile, was more than 56 per cent greater than the boom-time record load of 1929, and so far this year is more than 85 per cent greater than in the same period of 1929, Mercier says.

"But while our volume has greatly increased," he continues, "it should not be assumed that either revenue or net income has increased proportionately. The average received in 1941 was 26 per cent less per ton mile and 40 per cent less per passenger mile than in 1929. Expenses, on the other hand, including wages and costs of many kinds, has increased substantially.

"The revenues the railroad has received have been used to increase our ability to do the wartime job through expansion of facilities and additions to equipment, and also have been used to pay back some of the vast sums the company had to borrow during the depression years."

Commenting on the public acclaim for the railroads from many sources notably from Joseph B. Eastman, director of Defense Transportation President Mercier says: "Our aim for the future is that we of the railroad industry may continue with good service to merit such commendations."

State Pay-Day System Is Revised to Insure Greater Promptness in Payment

SACRAMENTO, June 11 —(U.P.)— State employees will receive their pay-check under the new earlier payday plan set up recently shortly after July 1, State Controller Harry B. Riley announced.

Riley said his department was ready to start immediately a new plan whereby salaries will be paid by checks issued against departmental revolving funds, eliminating long delays. However, an month is needed to set up departmental procedure for the change.

Exact payday dates will rest with each department, Riley said. Adoption of the earlier payday plan is optional with each state agency.

The department of finance is preparing instruction for the plan's operation, Riley said.

Women's Army Auxiliary Corps Organizes

Mrs. Hobby

Training School at Fort Des Moines, Iowa. Mrs. William P. Hobby, Director of the Corps, announces that candidates will be trained mainly in leadership, administration and military procedure. Candidates will remain at Fort Des Moines for eight weeks of intensive training and will be paid \$50 a month during that period.

The procedure of application and selection is as follows: Officer candidates must be citizens of the United States, between the ages of 21 and 45. They may be married or single. They must have had at least a high school education, be in good health, and of excellent character. In order to secure a representative group of women from the entire United States, recruiting is to be on a regional or Corps Area basis. No

applications sent to Washington can be given consideration. Applications must be obtained, in person, from the local recruiting station and when properly filled out, must be returned, in person or by mail, to the appropriate recruiting station. The women whose applications are satisfactory will then be notified as to the time and place of examinations. The applications of those who pass these preliminary tests will be sent on to the proper Corps Area, where they will be examined and sifted by a Recruiting Officer and two women assistants.

Each one of the nine Corps Areas will recommend at least sixty candidates for final consideration. In addition to the recommendations made by the Corps Area, Officer Candidates will be recruited from among the volunteers who have served with the Aircraft Warning Service. The War Department will make the final selection of the approximately 450 candidates.

THE PURPOSES OF THE CORPS, the first of its kind in American military history, is to enlist women volunteers for military service with the Army to replace, and release for combat service enlisted men who are now performing certain non-combatant duties.

Mrs. Rogers

The Corps, while not a component part of the Army, is the only women's organization, except the Army Nurse Corps, authorized by law to serve with the Armed Forces.

Units of the Corps may be called upon to serve in Zones of Operations, as well as in the Continental United States, but only in non-combat duties. Ultimately, the Corps will take over the major part of the Aircraft Warning Service, numerous Army administrative duties and whatever suitable tasks its members can fulfill. It will be under military discipline, with uniforms and insignia, living quarters, food, and medical and dental treatment provided by the Government, and will draw Army pay.

Under the terms of the bill, the Corps may be expanded to a total of 150,000 women, if and when necessary. General enrollment will not begin until after an Officer and Non-Commissioned Officer cadre has been trained, a matter of approximately 3 months. Formation of this Officer cadre will begin at once.

Scores for Giants

Johnny Mize, of the New York Giants, is shown sliding across home plate in a cloud of dust as catcher Livingston waits for the throw from the Phils' left-fielder, Dan Litwhiler. The ball went past catcher Livingston and was fielded by pitcher Hughes, who backed up home on the throw in. Big "Jawn" scored on a single by Giant catcher Gus Mancuso.

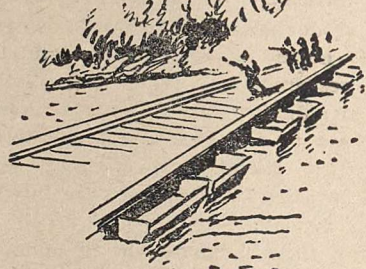

Going to Town

Little "Running Deer," of Alberta's Stony Indian tribe, goes to town Indian style, on the back of his mother. Opening of the Alaska highway through Alberta will bring an international warpath to the tepees of the Stonys.

What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

Drive Carefully and Save Lives of Service Men Urges State Vehicle Chief

SACRAMENTO, June 11 —(U.P.)— State Motor Vehicle Director James M. Carter urges California motorists to drive carefully to curtail the toll of service men killed or injured in traffic cases. He reported that seven service men were killed and 89 injured in highway mishaps in California in the last 30 days.

Guayule (a bush that gives us rubber) is pronounced "why-you-lee."

Are You Helping to Keep the Soldier's Faith

GENERAL DOUGLAS MacARTHUR

By Buying U. S. War Bonds and Stamps Regularly?

Every penny is a patriotic penny, if it hastens the privileges of peace. Every dollar you invest in War Bonds will shorten the time of the war. If your state meets its quota this month, peace may be a month closer . . .

Two-Fold Security

War Stamps and Bonds buy the tanks, planes, guns and ships our country needs to crush the aggressor. THEY BUY SECURITY FOR AMERICA

In 10 years the value of these Bonds will increase ONE-THIRD. Buy them now for America's security today—for you family's security tomorrow.

Further Restrictions on Telephone Installations Are Necessary to Save Materials Vital to the War

The latest War Production Board Order further restricts the use by telephone companies of materials essential to the war effort. It restricts the building of cable or wire lines for the installation of new telephones, both business and residence, if more than a minimum of construction is involved—except for service necessary in the war effort or for public health, welfare and safety. It requires much wider use of party-line service.

The reason for these restrictions is to save additional quantities of critical materials used in providing telephone service—such as copper, aluminum, tin, steel, magnesium, zinc, nickel. These materials are urgently needed for the Nation's planes, tanks, guns, ships, munitions. They are VITAL TO VICTORY.

To install one extension telephone may require no more than 30 or 40 feet of copper wire, but to install thousands of them takes enough copper to wire a fleet of bombers.

The immediate effect of these restrictions upon the public will vary in different localities, depending upon what, if any, facilities are available. If you should be unable to secure the service you want, we know you will understand why. The temporary sacrifice of your personal convenience will make a worth while contribution to VICTORY—it is a real part of the price of protecting LIBERTY.

Lake Forest News . . .

by VERA FRAZIER

Mr. and Mrs. Sam Preston of Reno were house guests of the Sam Goss family over the weekend.

Mr. and Mrs. Blake Goss have driven up from Las Vegas for a few weeks vacation.

Meeks Bay . . .

by VERA FRAZIER

MEEKS BAY, June 11—The H&W Club met Monday evening at the club house at Meeks Bay. There were 18 members and one guest, Mrs. Carl Wheat of Tahoe City, present.

During the business session, presided over by President Louise Geier, the membership committee reported favorably upon the application of Mr. and Mrs. Blake Goss for membership, after which they were duly voted in as members by secret ballot. Three of our scrap books were reported finished and it was decided that they be sent to the Veterans' Hospital in Reno.

The Parcel Post Party was discussed and the date set for the evening of June 29. Besides the Parcel Post, there will be a Bingo game, for which several prize awards are offered. There will also be a fish pond and various other games, including the chance to have your fortune told. Refreshments will be served. Mrs. Pearl Heller reported on her idea for a hobby show to be held at a later date.

Charles Heller won the Penny Prize and Ned Stuart was the lucky winner of our regular War Stamp Bingo game. Everyone enjoyed refreshments of doughnuts and coffee served by the club.

Our next meeting will be a barbecue pot-luck at the home of Mr. and Mrs. Phil Geier. All members are urged to attend.

TAHOE RANGERS INSTRUCTED IN FIRE FIGHTING METHODS

TAHOE CITY, June 11—Members of the Placer Volunteer Rangers met on Tuesday evening at 6:30 p.m. at Tahoe Community Center where District Ranger H. I. Snider of Truckee and Rangers T. M. Arntzen and Roy Preece of Tahoe Public Camp instructed the group in the use of fire fighting and construction of fire lines and other valuable information.

BURGLARY INVESTIGATED

TAHOE CITY, June 11—Constable Harry Johanson of Tahoe was called on Monday to investigate a burglary at the Burness cottage near Brockway golf course. Although the residence has a caretaker in the winter someone had removed a shutter, broken a window to gain entrance and then replaced the shutter when leaving the premises, making it difficult for a caretaker to notice the damage done. Although a list of missing articles is not yet available, Constable Johanson said that blankets, linen and other household articles were missing. The robbery occurred several weeks ago.

The McPhails entertained a number of friends at their cottage here over the weekend.

Other weekenders on Hillcrest Ave. were Mr. and Mrs. Whitby, Mr. and Mrs. Eli Frankovitch, Mr. and Mrs. Barnes, all of Reno, and Mr. and Mrs. Glasgo and daughters, Alice and Sophie, of San Francisco.

Richard Yeakel has returned to Oakland after a short visit with his parents, the Lloyd Yeakels.

J. R. Stuart, who has been employed at Hawthorne, has now transferred to Reno.

BURNS NAMED PRESIDENT OF TAHOE FIRE DISTRICT

TAHOE CITY, June 11—Members of the newly organized Tahoe City Fire Protective District met last Thursday evening and elected officers. John Burns is the new president and Carl Bechdolt, Jr., is clerk and treasurer. The fire commissioners are Burns, C. W. Vernon and Bechdolt. The commissioners met after the regular meeting and agreed to proceed at once to get figures on the cost of necessary equipment which, since the complete success of the voluntary subscription of .01% of the assessed property valuation, can be purchased promptly. Following its installation, drills and inspection will be held by the Board of Fire Underwriters which will then make reductions in fire insurance rates.

A meeting on Wednesday night, June 10, was to determine how to find a method of removing the piles of paper and tin that are fast accumulating in various sections of the lake to the proper government agencies, as none seems to present itself to date.

FIRST MEETING OF WOMENS CLUB AT TAHOE IS HELD

TAHOE CITY, June 11—The first meeting of the Tahoe Women's Club was called to order on Thursday afternoon, June 4. Only five members were present, a quorum being secured when Mrs. Eleanor Swanson was appointed secretary pro-tem in the absence of Mrs. Irene Edwards who is now a resident of Yosemite Valley. President Mrs. Beulah Carnell presided, with Vice-President Mrs. Irene Duffee, Treasurer Mrs. C. O. Valentine and Mrs. C. O. Wheat present.

Minutes of the last meeting last year were read and with a small correction, stood proved. Business letters which had accumulated over the winter season were disposed of and letters of thanks from sick persons to whom the club sent Sunshine cards were read. A complete financial report was issued by the treasurer showing a balance of \$203.48 in the bank. Since such a small group was present the subject of any new business was deferred until a later date. The next meeting will be held in Tahoe Community hall on Thursday, June 18. Members are urged to remember regular meeting days during the summer are the first and third Thursdays of each month.

Endorsed

EUREKA, June 11—Unanimous endorsement of Earl Warren for Governor was announced by the members of the Board of Supervisors of Humboldt County. "The best news our board has heard in a long time is your running for Governor of this great state," the supervisors told the candidate in a letter reporting their action.

LAKE RED CROSS MEMBERS PLAN TO ATTEND OPEN HOUSE

TAHOE CITY, June 11—Mrs. George Bliss, chairman of the Tahoe branch of the American Red Cross, received word from Auburn this week that Auburn chapter will hold open house all day on Sunday, June 14. The Junior Red Cross members will serve as guides and will pilot visitors through the displays of surgical dressings, home nursing, first aid, production department, disaster relief, home service, canteen, nutrition, research, war relief and publicity and Junior Red Cross activities. Members of the Red Cross chapters and their friends are cordially invited to attend and inspect the interesting display.

Many find it impossible to donate time for sewing service but have offered financial aid in helping to service the soldier's Ditty bags now being provided by the hundreds by the various chapters. Anyone desiring so to help may purchase such articles as small soap box and soap, playing cards, cigarettes, tobacco and papers, shoe polishing cloth, small pencil with metal cap, package of paper and envelopes, chewing gum, 40 inch shoe laces tan shade, double edge razor blades and small pocket edition of fiction or detective stories. For the sewing cases, sharp needles easily threaded, darning needles, safety pins, scissors, black darning thread and number 50 white and black sewing thread are required. Your local Red Cross chapter will welcome any of the above mentioned articles for use in the service.

Plans For County Militia Discussed At C. D. Meet

Frank Finnegan Candidate For Congressional Post

Frank G. Finnegan has announced his candidacy for Congressman from the Second District of California. He has been a practicing attorney for 12

FRANK G. FINNEGAN
Candidate for Congressman

years and is now located in Nevada City. He was formerly the law partner of Superior Judge George Jones of Nevada County.

Finnegan has been chairman of the Democratic county central committee for the past four years and is a member of the state central committee. He managed the Roosevelt campaign in Nevada county in 1936 and 1940 and organized the first chapter of Young Democrats in San Francisco during the 1932 campaign.

The candidate will file on both the Democratic and Republican tickets in the August 25 primary election.

A graduate of Hastings College of law, he worked his way through college as night auditor for the Pacific Telephone and Telegraph Co. He is married and has one daughter and owns his home in Nevada City.

He is president of the Nevada county Bar Association, and city attorney of Nevada City. He has held offices in various civic and fraternal organizations in the county.

Finnegan is well acquainted with the district, being a life-long resident and native. He is pledged to a liberal domestic and foreign policy and to support of the Roosevelt administration.

One of the subjects discussed at the Nevada County Defense Council's recent meeting was the forming of a militia for Nevada county. Frank Spurrier of the extension division, University of California, appeared before the board and outlined the plan.

Units may be formed in any section of the county. Any group from a squad to a company can apply for induction. Spurrier stated that under the law, every male citizen automatically becomes a member of the state militia, and is subject to the call of the governor in any case of emergency necessary to maintain the safety of the state. He stated that an organized militia would prepare all citizens for service they might be called upon to perform, making it easier and safer for them and more efficient and effective in defense of the homes of California.

The governor has stated that he will allow these militia men to remain in their home counties and will keep this promise until such time as an actual invasion or similar emergency would necessitate a change of policy. He has promised that any change from the present plan would be made only as a last resort. He has the right to call any citizen, whether a member of an organized militia or not, to any part of the state under these conditions.

A discussion by the council resulted in a program of publicity for the militia plan in order that those who desire to enlist may have the information. It was thought that there might be some sections of the county where groups not already affiliated with the sheriff's reserve posse might desire to enroll for the protection of their home communities. It was also thought that members who had already signed for service with the sheriff's posse reserve might desire additional training in military tactics. The militia program specializes in guerilla and Indian type of fighting similar to that now so successful in Russia, and in some of the invaded countries.

At the present time schools are being conducted by Sheriff Tobiasen and his staff, at which the proper procedure of the police during an invasion or emergency is being taught. Other subjects necessary during these times will be taken up by the classes as time progresses. Sheriff Tobiasen stated that his office will continue with his present organization and that he will cooperate to the fullest extent if the rural sections organize militia units for added preparedness.

IMPORTANT NOTICE

ALL TAXPAYERS, whether delinquent or not, should carefully examine the Delinquent Tax List, as errors are likely to occur, which if not discovered in time, would cause inconvenience to parties concerned.

Delinquent Tax List

In aid for the County of Nevada, State of California.

For County Taxes, levied in the year 1941 for the Fiscal Year 1941-1942.

DEFAULT HAVING BEEN MADE in the payment of taxes levied in the year 1941 for the County of Nevada, for the fiscal year ending June 30th, 1942, upon the real and personal property in the DELINQUENT LIST hereinafter given.

NOW, THEREFORE, I, FRANK STEEL, TAX COLLECTOR, in and for the said County of Nevada, by virtue of the authority in me vested by law hereby give PUBLIC NOTICE that unless the total of all taxes, assessments, penalties, and costs due, and are a lien thereon, as shown of the list below, opposite the description of the property delinquent, be paid on or before the sale date given below, the real property upon which such taxes are a lien (except any lot, piece or parcel on said list which has heretofore been sold to State) WILL BY OPERATION OF LAW, be sold to the State of California, on the 25th day of June, 1942, at the hour of 10 o'clock A. M. in the office of the Tax Collector, at the Court house in the City of Nevada, County of Nevada, State of California.

ABBREVIATIONS

(1) Explanations of symbols used to designate amounts;

(2) Explanation of terms in description;

(3) Statement of maps on file, etc. N-North or Northerly; S-South or Southerly; E-East or Easterly; W-West or Westerly; Ft.-Feet; No.-Number; Sec.-Section; Mt.-Mortgage; T. or Twp.-Township; S.-Dollars; Cts.-Cents; Cor.-Corner; St.-Street; Ave.-Avenue; Blk.-Block; Bd.-Bounded; R.-Range; Mt. end of the delinquent list.
STATE OF CALIFORNIA ss
COUNTY OF NEVADA

I, FRANK STEEL, Tax Collector of Nevada County, State of California, being first duly sworn on oath, say to the best of my knowledge, and belief, that taxes not marked "PAID" have not been paid.

FRANK STEEL
TAX COLLECTOR OF NEVADA COUNTY, STATE OF CALIFORNIA.

Subscribed before me this 28th day of May, 1942.

R. N. MCCORMACK
COUNTY AUDITOR OF NEVADA COUNTY, STATE OF CALIFORNIA.

ADDENDA TO DELINQUENT TAX LIST

Notice of sale of property at public auction, for delinquent taxes of 1936, also property for delinquent taxes of 1933, 1934, 1935, etc.

In pursuance of law, public notice is hereby given that, commencing on the 29th day of June, 1942, at the hour of 10 o'clock A. M. of that day, and continuing from day to day thereafter, if additional time is required to complete the sale, in the office of the Tax Collector of the County of Nevada, City of Nevada, State of California, the undersigned Tax Collector, will unless the delinquent taxes thereon are sooner required, or sale is postponed as provided by law, sell or offer for sale at public auction to the highest bidder, for cash, in lawful money of the United States, the several parcels and lots of property hereinafter described upon which date five years will have elapsed from the date of the sale of said property to the State. No bid for said property will be accepted for less than the amount of taxes, penalties and costs due on said property for the year the same was sold to the State in the year 1937, for the taxes of the year 1936, which minimum amounts are set forth opposite the description of each of said properties.

In order to entitle the successful bidder to a deed of the property purchased, he must, in addition to the price paid pursuant to his bid at such sale, within thirty days pay by redemption any and all further delinquent taxes and assessments against said property, together with all penalties, costs, interest and charges accrued thereon.

After a bid has been made and accepted at such sale, the right of redemption (except by the purchaser) shall cease.

If no bid is made and accepted at such sale, the right of redemption ceases as provided in sections 3511.3 and 3511.5, Revenue and Taxation Code.

Dated this 28th day of May, 1942.

FRANK STEEL,
Tax Collector of Nevada County, State of California.

Redemption or postponement of sale of the above described property may be made at any time prior to the acceptance of a bid for such property.

For full information as to the amounts necessary to be paid apply to R. N. McCormack, the County Auditor of Nevada County.

FRANK STEEL,
TAX COLLECTOR OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA.

The properties to be sold and which are the subject of this notice are situated in the County of Nevada, State of California, and particularly described as follows, to-wit:

What To Do In An Air Raid

- 1—In ANY air raid or blackout, take cover immediately. (a) If you are away from home, get off the street. You are ten times safer in a building than standing or walking on the street. If you are in a car, pull to the side of the road immediately. Do not double park. Keep clear of fire plugs. Get out of car, bus or street car and take shelter. (b) If you are home, take immediate blackout precautions. Extinguish all lights. Have your fire protection equipment ready. Go to the blackout room, it should be the safest room in your home. Stay away from windows. Bomb explosions shatter glass for great distances.
- 2—Don't use the telephone. Remember those persons who have been trained to protect you—the air raid wardens, fire watchers, auxiliary firemen, auxiliary police and many others MUST be able to get really important messages through. Your personal calls have got to wait until after the all clear signal.
- 3—If you are caught in the open lie down on your stomach. You are twice as safe lying down.
- 4—If incendiary bombs fall, play a coarse spray of water on them. Put out the fires started by incendiaries first, then devote you time to the bomb. The coarse stream of water burns the bomb up faster. A heavy jet, stream or bucket of water will make the bomb explode. If you have no way of treating the bomb with water, cover it with dry sand. Then with a blunt nosed shovel scoop the bomb on a sand pile dump the sand and bomb into a pail and take it outside.
- 5—Remember: obey your air raid warden and other members of the United States Citizen's Defense Corps. They are trying to help you.
- 6—Above all—Keep Cool—Stay Home—Put Out the Lights—Take Shelter—Lie Down—Stay Away from Windows—You Can Help.

What To Do In A Gas Attack

- 1—Serious injury may result from exposure to liquid gas which may fall from airplanes. It is, therefore, imperative to remain indoors and keep the windows closed.
- 2—War gasses are heavier than air. If you are inside a building remain there, and, if possible, go upstairs. Don not complicate the military effort by leaving your house unless circumstances make it absolutely necessary. If you are outside—get out of the gas area. Avoid puddles of liquid gas, basements, valleys and other low places.
- 3—If the windows of your room are broken, get into another room or out of the building.
- 4—If you have been exposed to war gas (a) breathe through cloths wet with baking soda solution; (b) if you can go inside a building, do so, but first remove your outer clothes and leave it outside; (c) wash your hands and then your face with laundry soap and water; (d) wash your eyes at once with a large amount of a solution of baking soda; one teaspoon of baking soda in a glass of water; (e)

duties of the office he seeks, having been city assessor for a number of years. He is well acquainted, too, with the county's rural area having been associated with his father in the lumbering business in Fuller Lake, Lake Spaulding, Graniteville and Lowell Hill districts.

The candidate has been very active in civic affairs in his community. At present he is chairman of the public information committee of the county defense council, a member of the Grass Valley Free Library board, past president of the Grass Valley Lions Club, past commander of the American Legion, former president of the Grass Valley Baseball association, past president of the Grass Valley chamber of commerce, former direc-

tor and present treasurer of the 17th District Fair and first president of the state association of drivers' license examiners. All these offices have been without compensation and for civic betterment.

His services as a master of ceremonies and toastmaster are widely in demand at charitable, promotional and patriotic affairs. Notable among these is his work for the Firemen's Ball, the annual St. Patrick's Day program and dance, the Rice Bowl benefit and many other annual affairs.

He announces his candidacy on a platform which is entirely non-partisan and independent. He has not chosen any deputies, made any promises or concessions to individuals or groups. He declares that he will administer the job as assessor to the best of his ability and will, at all times, keep in mind his obligation to serve all of the people of Nevada County impartially and for their good. He believes in economy in local government and will operate to the best interests of everyone.

At Church Conference—

Rev. G. J. E. Keetch will be away next week attending the annual meeting of the California Conference of the Methodist Church which will convene in Stockton, Wednesday.

North Tahoe News . . .

by MADELINE GALLERANI

Last Thursday the Christian Endeavor held its meeting (not the Christian Science as stated in last week's edition). The Christian Endeavor is non-denominational and all young people from the ages of 13 to 20 are invited to attend. Meetings are held every Thursday evening at the D. C. Barnett home in Kings Beach.

Pvt. John Rondelli, formerly of Crystal Bay, is now stationed at San Jose, Calif.

Mr. and Mrs. Henry Tucker of San Mateo celebrated their 53rd wedding anniversary on June 5 at the home of their son-in-law and daughter, Mr. and Mrs. Andy Sorenson of Tahoe Vista.

Mr. and Mrs. Day, proprietors of the Brockway Vista Hotel, are now in for the summer and are opening their hostelry.

Mr. and Mrs. H. O. Comstock are spending a few days in Los Angeles. Charles Vanderploeg and Nels Radford are now employed in Hawthorne.

Mr. and Mrs. Fastini, proprietors of The Gables, came up from Reno on Tuesday to visit with friends, returning to Reno the same day.

Mr. and Mrs. Delano G. Silva left Friday for Sacramento where they'll spend two weeks visiting Mrs. Silva's parents before being transferred to Reno where Silva will be employed by the Pacific Telephone and Telegraph Co. The Silvas are formerly of Sacramento and made many friends in their brief stay here.

Mrs. J. J. Higbee, who has been very ill in the Carson City hospital, was transferred on Monday to a San Francisco hospital to undergo a major operation.

George Ellyson is now employed at Mare Island as a machinist. Mrs. Ellyson is residing here until living quarters are found near where her husband is employed. Ellyson was formerly manager of the Kings Beach Garage.

Mr. and Mrs. Ira Blair have opened their cottages for the summer.

Herbert King, local carpenter, is now employed in the Lemon Valley project.

The Mothers' Club held their meeting on Thursday, June 4, at the Kings Beach School. Twelve members attended. The new officers took over their various duties. Identification tags were purchased for all children of school age and under. Several

parents had similar tags made. All children of school age were asked to aid in the gathering of scrap rubber. The rubber will be kept at the school until disposition can be made. A special treat will be awarded the children at the end of the semester for their effort. A thermometer and heating unit were purchased by the members to be used in the school. The Mothers' Club is striving for many new members. The next meeting will be the first Thursday in August.

The Kings Beach School will hold a Flag Day program on June 12. The program will open with the Flag Pledge led by Dale Burt. God Bless America and How Do You Do Everybody are to be sung by the assembly. Other numbers will include a piano solo, I Hear a Rhapsody, by Marilyn Toler; a report on the Life of Christopher Columbus by Barbara O'Brien; piano solo, Waltz of the Raindrops, Billy Petersen; I Am An American, sung by the students; vocal solo, No. 10 Lullaby Lane, Irene Gallerani; a short story, Tiddly Winks, Roger Colton; a short story by Dale Burt; a poem, Our Flag, Irene Gallerani; a vocal, Tiddly Winks and My Doggy's Name is Guess, the primary class; a vocal, You Walked By, Ardis Green; piano duet, Little Journey, by Ray Sorenson and Billy Petersen; vocal, Father of the Land We Love student body; humorous stories by Norman King, Barbara O'Brien, Bruce O'Brien; a truth or consequence contest between Tommy Green, Barbara O'Brien, Billy Petersen, Marilyn Toler, Richard Astle and Irene Gallerani; piano selection, Teacher Marion Wittman; a report on Abraham Lincoln, Irene Gallerani. Program concluded with assembly singing the Star Spangled Banner.

JIM (Agent) HENWOOD

(Continued from Front Page)

cal and sometimes detailed routine of the treasurer's office.

A native of Grass Valley, Jim Henwood received his education in the Grass Valley public school. It was December 13, 1913, that he entered the employ of the then Wells, Fargo and Company Express. Originally designated as a driver, the aspiring youth sought to acquaint himself with every phase of the express business, succeeding to clerk, train messenger and on July 11, 1920, being appointed agent for the Grass Valley office, a position he has held with loyalty and success to date.

Perhaps few businesses are steeped in the technicalities and detail as that of railway express, when it is understood that the schedules, tariffs, forms and accounting must be completed down to the literal "last cent" or crossing of a T or dotting of an I. While Henwood served as agent for Grass Valley, such vocation did not mean only office routine and work. For those 22 years and even before with the express company, the candidate has been in daily, in fact constant, contact with the people of the county who have utilized the office in shipping and receiving. Such contacts while primarily of business origin were productive of happy and satisfactory relationships, enduring friendships and a sincere desire on his part to give service regardless of ordinary limitations.

It is to the credit of the Grass Valley man, known throughout the county as "Agent", that 22 years of this work brought an understanding of bookkeeping, auditing and accounting that now serves him well in aspiring for an office of kindred activity.

Not all of Henwood's time was spent in the workaday world, however, for he has become an active civic worker in Grass Valley, serving as chamber of commerce executive, on promotional and betterment committees and has given of his time

On Vacation—

Mr. and Mrs. E. A. Parker, during their vacation period last week, visited relatives in Dixon, Vallejo and other bay region cities.

Here from Roseville—

Mr. and Mrs. H. S. Eaton came up from Roseville Sunday and will spend several months at their home here.

A marriage license was issued in Reno this week to Lewis C. Partington, 22, Standard Station employee in Truckee, and Gladys M. Fisher, 20, of Roseville.

and energy to the fraternal life of his community. Where Elks gather, Jim Henwood is known, as in civic enterprises, for his thoughtful and active leadership.

Within the next four months, the county treasurer nominee expects to complete a canvass of Nevada County voters and citizenry, expressing the conviction that his election to the county treasurer's office will be assurance that the office will be conducted in an honest, fair and hospitable manner and a credit to Nevada county and its people.

To Move to Lincoln—

Mr. and Mrs. J. W. Cartwright will leave soon to make their home in Lincoln. Cartwright will still be connected with the signal service of the Southern Pacific Company.

Kilners Take Trip—

Mr. and Mrs. Fred Kilner of Home-wood motored to the bay region last week on business.
